From the Airport

The San Antonio airport is approximately 9 miles away from the Sheraton Gunter Hotel. Travel time to and from the airport to the venue is roughly 20 minutes (depending on traffic).

The Sheraton Grunter does not offer a shuttle from the airport to the hotel. However, listed below are links to help you get from the airport to the hotel.

Via Metropolitan Transport

The most cost-efficient option from getting from the airport to the hotel is San Antonio's bus system. To get downtown (where the Gunter is) from the airport:

- Go to the Lower Roadway (Arrivals/Baggage Level in Terminal A and B), across the marked crosswalk to the outer curb.
- VIA's bus stop will be located on the far West end of Terminal B, clearly marked on column.
- You will board the VIA bus route 5, which operates everyday*, and can get to beautiful downtown San Antonio in about 30 minutes for only $1.30

*Frequency may vary throughout the day and on weekends. Download the Route 5 bus schedule here. Bus transfers are available for an additional $ .15

For more information check the San Antonio Public transportation website.

Via Shuttle Company

Star Shuttle and Charter is a good transportation option for larger groups or those who want to book an airport shuttle. Star Shuttle offers vans (holds up to 56 passengers) as well as minibuses (holds up to 29 passengers) along with a standard van (holds between 4-14 passengers) that they advertise as an airport shuttle. **Unfortunately, this shuttle service is not associated with the Sheraton Grunter Hotel and is not free.**

Therefore, if attendees choose to use the airport's personal shuttle service, make sure to click the link below before arriving in San Antonio to schedule funds and drop off/pick up times accordingly!
